

ABSTRACT OF THE DISCLOSURE

Tags that have educational material imprinted thereon are used in combination with a key ring.

The key tags are designed to be used singly upon the key ring and changed daily, to assist an adult or child with an educational endeavor such as, for example, learning new vocabulary words. Durable

55 sheet stock such as polymeric or metallic sheet stock, polymer laminates, and coated papers are contemplated for the tag substrate material, as are various reinforcements, dimensions and colors.

The tags may be printed or manufactured in volume, or may alternatively be printed on demand from a kit and special stock material.
